## Solid Waste Program Guiding Principles

- Promote sustainable actions and behaviors that ensure resources and options for future generations.
- Maintain a solid waste system that supports economic vitality and conserves natural, fiscal resources
- Achieve a reasonable balance among public convenience, public expenses, public health and the environment.
- Maintain flexibility to anticipate future changes and needs.
- Promote source reduction, reuse and recycling.
- Increase local control of solid waste management.
- Encourage cooperative and coordinated efforts among government agencies, citizens, and the private sector for managing solid wastes.
